Oh dear...long times due to long grass and long list of map corrections..

Me thinks this is a winter area and with a new map we can enjoy it again.

It was nice to try a new access point but this is a less well visited part and so vegetation is thicker. I did shorten the courses to help, but even so it was challenging especially on the shorter courses where I had to plot some extra paths.

Anyhow big thanks to Margaret for putting the controls out and to many of you for helping collect.

regards
