Thank you all for attending and making the most of the fine weather. I hope you enjoyed the score event with a difference.

I gather that one or two members (one living over the border and another a bit close to home) who shall remain nameless may have gained an advantage in finding control 22 before finding the map giving it's location at control 16. However, I don't think it could have made much difference as you would still have had to return to control 23 in the end.

Note to myself - next time make sure the extra controls are well hidden!

Hope to see as many of you as possible next week for a Score Event at Bishops Wood, Caswell.
