It was great to see another good turnout for this event and also that many of the newcomers to the sport were happy to join SBOC. (It is free to join in the first year and an increasing membership helps us draw down grant funding

which can help keep the costs down. The main costs of an event are the map and the levies paid to British and Welsh Orienteering and sometimes access fees. Membership fees help to cover the costs of event insurance.) I need to apologise to those on the Orange course as a couple of the controls were more difficult than should be the case on an Orange course – this was mainly due to the need for map updates which I didn't have time for before the event.

Many thanks to Dave Doherty and Bridget for helping to collect in controls. Going up that hill a third time for me was quite tiring. It is good if we can all help the planners at future events to collect in their controls.

Look forward to seeing you at our other events.

P.S. The courses were similar to ones I planned on Kilvey in 2005 Here are the results from that event – are you getting better or worse? !!! ☺
