A big thank you to Roger, Chris L, Dave B and Sue B for collecting controls, so much appreciated after a long day. A word about the stream bend (LG 8/ G 9) whilst it was on the feature, I think I placed it a bit lower than marked – so those approaching from below had an easier find – whilst coming from above was problematic, so my bad. Some naughty people forgot to write their name on both parts of their control cards – you know who you are! Even if we don't ;)
