Many thanks to everyone who attended the event at Mynydd Mawr, and particularly for your understanding over my very dodgy control positioning! Control 11 (228) on the Green course has been taken out as it was nowhere near where it should have been – even though some of you found it by being extremely persistent and ranging over a very wide area!

On the plus side at least there was not the usual Mynydd Mawr mud to contend with!

Special thanks to Kris Jones for going out first. His time was adversely affected by my request to reposition any controls that were inaccurate – which he did!

Thanks to Allan, Stephen, Mike and Dave D for collecting controls – as well as Steve, Dan and Tom of course!
