Firstly, thanks to Oscar and Iestyn for collecting the controls on the short course.

I checked control number 9 on the Long Course when I collected it in and the control was in the upper part of the ditch which is shown as a shallow re-entrant on the map. Apologies to Andy and Roger for this and I have included both in the results as this was my error.

Thanks to those that made it to the event and it was a shame that traffic and weather conditions kept numbers down.
