Control 232 was taken off the course and control 233 moved due to the weather

Thank you to all of you who came and braved Hardings Down in the howling wind and showers. I hope you enjoyed the format of tonights event. This was my first attempt at planning a night event and despite the weather it won't be my last.

Massive thank you to Peter for helping to collect controls and to the Tyrell's for allowing us to use their yard for parking, and as ever to my boys for their patience whilst waiting for us to come back from collecting controls - it was a lot harder collecting in the dark than putting out in the light!
